WHEREAS, the City of Burlington Police Department, through the Administration, has made recommendations concerning amendments to the City of Burlington Code as it relates to the Police Division; and

WHEREAS, the City of Burlington Police Department has received a number of extra-duty assignments from a variety of organizations in the City which require a police presence or services; and

WHEREAS, the Common Council of the City of Burlington finds it to be in the best interest of the Police Division to make amendments to the Code for the City of Burlington;

NOW THEREFORE BE IT ORDAINED by the Common Council for the City of Burlington as follows:

1. The Code of the City of Burlington, Article VIII Department of Public Safety – Police Division shall be amended as follows:

Section 2-24.1 Extra Duty Assignments

A. Purpose.

The purpose of this article is to set forth guidelines to govern the employment of City of Burlington police officers for voluntary extra-duty (off-duty) details within the City of Burlington or within other local municipalities and which extend beyond their regular assigned duties and responsibilities.

B. Extra-duty details permitted under certain conditions.

Officers of the City of Burlington Police Department may be permitted to accept and perform police-related employment and services for private persons or entities, including school districts, only during off-duty hours and at such time as will not interfere with the efficient performance of regularly scheduled or emergency duty for the City, as determined by the City of Burlington Chief of Police or his authorized designee. Officers of the City Police Department may be permitted to perform police-related services subject, however, to the following conditions:

1. All such work performed by the police officer shall be in his/her official capacity as an employee of the City of Burlington Police Department and subject to its supervision and control.

2. The Police Officer shall be paid for the extra-duty services by the City of Burlington Police Department at a rate of pay determined by the City for such police-related work.

3. The City of Burlington, the City of Burlington Chief of Police, or his designee, shall bill the private person or entity for all such services performed based on the prevailing rate established by the City of Burlington, which may be amended from time to time by resolution adopted by the Common Council of the City of Burlington

4. The City of Burlington Chief of Police, or his designee, shall establish the procedure for assigning police officers to such duty referenced in this section.

5. No City of Burlington police officer shall engage in any employment for police-related services with any private person or entity, except in the manner established pursuant to this section. Acceptance of such extra-duty employment shall not be a condition of employment or promotion within the City of Burlington Police Department. Officers of the City of Burlington Police Department are eligible to accept off-duty employment only during periods when they are not assigned to regular duty and at such times when off-duty employment will not interfere with the efficient performance of their regularly scheduled police duties.
